

2ND CANADIAN SYMPOSIUM ON LONG COVID

ABSTRACT SUBMISSIONS

Building on the success of the inaugural Canadian Symposium on Long COVID in 2023, we encourage researchers and trainees to submit their Long COVID research for consideration.

Abstract Submissions

We invite you to contribute to this important conversation by providing valuable insight into emerging scientific and clinical advancements happening in Long COVID, and you could have the opportunity to:

- Share your findings with colleagues, clinicians, researchers and people with lived experience.
- Collaborate and network with other professionals in the field.
- Be considered for trainee awards for outstanding scientific research.

Instructions

- Abstracts must include the following headings: Background, Objectives, Methods, Results, Conclusions.
- Abstracts must be under 250 words.
- Particular attention is to be paid to those relating to the conference theme of community, collaboration and inclusivity.
- All abstracts will be peer-reviewed to determine scientific merit and eligibility.

Submission Deadline

April 30, 2024
